## SUMMARY

---

Creative, detail oriented, full stack developer with a deep interest in AI. Proven track record of creating and implementing successful front and back end applications. Looking to secure a position in a company that enables me to use my skills and that is inline with my values and goals.

## SKILLS

---

HTML/CSS	JavaScript	React	Node.js
OOP	Website Accessibility	FireBase	PostgreSQL
MongoDB	Github	Figma	User Experience

## WORK EXPERIENCE

---

### Lost and Found Creative

**December 2003-present time**

Created full stack web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy.

#### *Current Projects:*

**Scouts Canada Midnapore (Full Stack Developer)** – Users can login to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile. [www.75thmidnapore.com](http://www.75thmidnapore.com)

#### *Recent Projects:*

**Mountain Movement Invermere Personal Training (Front End Design)** – Users can login to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile. [www.mountainmovementinvermere.ca](http://www.mountainmovementinvermere.ca)

### 100Devs Agency

**July 2023-Present**

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

### *Recent Projects:*

**Mini Library (Fullstack Web App)** – A grassroots project where users can login to their profile and view the database of free mini libraries in communities that have posted thus far. They can add new libraries through an input, which they can then edit or delete.

**To Do Notes (Fullstack Web App)** – Users can login to their profile and find their list of tasks. They can add new tasks through an input, which they can then edit or delete all notes in their profile.

**Other Projects** – StarGazers Society APOD Web App with NASA API integration, On-demand background color changer for Partnered Twitch streamer, Book Reading Tracker, and many more

### **Crailer Communications, Toronto**

**2004-2005**

Worked as a graphic pre-press technician for two magazines: Canadian Interiors and Building magazine. Responsible for editing articles with writers, graphics, and prepress preparations. Work directly with the printer. Designed small advertisements in the back classified section.

## EDUCATION

---

### **Industrial Design**

**2018-2022**

Emily Carr University, Vancouver

### **Baccalaureate Nursing**

**2009-2013**

Mount Royal University, Calgary

### **Computer Graphics Diploma**

**2002**

International Academy of Design, Toronto

## VOLUNTEERING

---

**Native Bee Society**, Full stack development, and site maintenance, graphic design

**2023-present**

<https://www.bcnativebees.org/>

**Lit4Life**, Create logos and posters for the nonprofit reading organization
